## **DETAILED ACTION**

### ***Specification***

The specification is objected to because the Brief Description of the Drawings omits the description of Fig. 2B.

### ***Claim Rejections - 35 USC § 112***

The following is a quotation of the first paragraph of 35 U.S.C. 112:

The specification shall contain a written description of the invention, and of the manner and process of making and using it, in such full, clear, concise, and exact terms as to enable any person skilled in the art to which it pertains, or with which it is most nearly connected, to make and use the same and shall set forth the best mode contemplated by the inventor of carrying out his invention.

Claims 9-12 are rejected under 35 U.S.C. 112, first paragraph, as failing to comply with the enablement requirement. The claims contain subject matter which was not described in the specification in such a way as to enable one skilled in the art to which it pertains, or with which it is most nearly connected, to make and/or use the invention. As claimed, the catheter comprises both the inner and outer tubes. However, the claim also states that the inner tube is "disposed within an outer surface of the catheter." The inner tube cannot at the same time comprise the catheter and be disposed within an outer surface of the catheter.

The following is a quotation of the second paragraph of 35 U.S.C. 112:

The specification shall conclude with one or more claims particularly pointing out and distinctly claiming the subject matter which the applicant regards as his invention.

Art Unit: 3731

Claims 7-8, 26, 30, 31 and 33 are rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention. The claims are replete with errors. For example, "said inner lumen" in claim 7 lacks antecedent basis. Also, claim 30 cites both "an inner tube" and "an inner tube portion," resulting in a double inclusion.

***Allowable Subject Matter***

Claims 13-16, 24, 25, 27-29 and 32 are allowed.

Claims 7, 8, 26, 30, 31 and 33 would be allowable if rewritten or amended to overcome the rejections under 35 U.S.C. 112, second paragraph, set forth in this Office action.

***Conclusion***

The prior art made of record and not relied upon is considered pertinent to applicant's disclosure: Kraus et al. (US 5,304,134).
